Grant Applications

Franklin County Healthcare Foundation

September 2023

Each year, Franklin County Healthcare Foundation allots funding to community programs and initiatives that help carry out its mission of:

- Developing healthcare within Franklin County Medical Center
- Partnering with our community to improve healthcare
- Improving access to healthcare
- Reducing health risks and encouraging healthy lifestyles through education and prevention

Franklin County Healthcare Foundation accepts applications for community grants between September 15, 2023, and October 31, 2023. Awardees are notified in December and grants are awarded in January.

Interested applicants must meet our eligibility criteria. Organizations eligible to apply include:

- Community organizations
- Non-profit entities
- City and county organizations
    - These organizations must *primarily* benefit the residents of Franklin County, Idaho.
    - Individuals are not eligible to apply

Projects must positively impact the health of Franklin County residents. Examples of projects include:

- School nutrition education programs
- Equipment, services, or programs that provide exercise opportunities
- Programs that support health screenings, vaccination, etc
- Recreational trail maintenance
- Mental health program funding

- Overcoming food insecurity
- Review Social Determinates of Health for other ideas within each category: https://www.who.int/health-topics/social-determinants-of-health

Application guidelines

Please briefly describe the following sections:

- Applicant info
    - Organization name, project lead, address, email, phone number
- Describe the background of the project
- Who is your target audience?
    - For example, school-aged children or adults with diabetes
- Outline your objectives
    - Be specific. Example: Reduce childhood obesity through an after-school exercise program.
- Describe your work plan
    - How will your program or initiative be accomplished?
    - Provide a timeline
- Provide a budget
    - Must include other funding sources if applicable and how much funding is necessary for the project to move forward.
    - Must separate personnel and equipment costs if applicable
    - Specify if you need upfront funding or cost reimbursement with a justification as to why.
- How will you measure the success of the project?
    - How will you demonstrate a “return on health” of the project? For example, measuring the percentage of mammograms in our community each year.
- How will the project be sustained?
    - Is your project a one-time event, or can it be sustained over multiple years? Projects that have long-term impacts will be prioritized.
- How will you recognize the foundation for its contributions?
    - Think of both public and private opportunities.

There are no length requirements. You can submit this information via survey, in person, or by email:

Grant evaluation

A community grant review board will meet and evaluate your application on the following criteria:

15% is weighted to a complete and accurate application.
40% is weighted to the project's impact on the health of the community.
20% is weighted on the project's ability to be sustained.
20% is weighted on the size of health needs within the target population.
5% is weighted on how the foundation will be recognized for supporting the project.

How we fund grants

If your application is approved, here is what to expect:

- You may be funded up-front or after proof of expenditure is submitted, depending on the application.
- You will be required to provide proof of expenditure (receipt, copy of check, personnel hours) or you may be required to pay back your award. If you wish to reallocate the funds, you must make a written request.
- We require a semi-annual status report through the completion of the project providing status updates.

Writing a grant application can feel daunting. Please reach out with any questions or if you need guidance on the application. We are excited to see your project application and are grateful for your interest in supporting our mission.

Sincerely,

Franklin County Healthcare Foundation
